

Top 5 reasons to strike!

- 1.** Community social services workers are still the lowest paid workers in the broad public sector
- 2.** You just took two years of zeroes to do your part for the province's finances. You've taken \$40 million a year in concessions since 2004 to protect jobs and save services.
- 3.** At the same time, MLAs, Cabinet ministers and senior bureaucrats received millions in salary increases and rich severance packages.
- 4.** Community social services matter. We need proper funding for the services we provide. Without funding, critical services needed by our clients will fall by the wayside.
- 5.** A fair and reasonable deal is, well, reasonable and you deserve it.
